## NEW PUBLIC BUILDINGS

### The Royal School Given First Mention.

### Plans Being Prepared for Penitentiary and Asylum.

### Superintendent Cooper to Visit Islands and Investigate Their Needs.

Superintendent H. E. Cooper first learned of the resignation of Marston Campbell, Assistant Superintendent of Public Works, in the Advertiser yesterday morning, having been outside of his office on business throughout Friday afternoon. The information was so abrupt as almost to compel a postponement of the Superintendent's trip to Kauai planned for this week. Regarding his contemplated visits to the other islands and other matters pertaining to his department Mr. Cooper said: "My visit to Kauai will take in the whole island. Landing at Nawiliwili, the seaport of Lihue, I shall go from Lihue to Kealia, and coming back go through Koloa and Waimea. Possibly I may take a steamer at Waimea instead of traveling overland to other parts of the island. My object is to obtain ideas about needed public work in every district.

"The Kauai trip will occupy a week or ten days. After returning I shall go to Hawaii, probably taking two weeks on that island. About the end of that time things will be moving here. In the meantime the preparation of plans and specifications will be going on in the department.

"Regarding the new Asylum and Dispensary, those buildings have been turned over to the Board of Health to get plans, as new school buildings have been referred to the Board of Public Instruction. Items for the educational department include new Royal school building, \$40,000; new building for Industrial school, \$6000; commercial department, High school, \$5000; Kaakopua school, Vineyard street, \$5000; Halawa, Ewa, school, \$4000. These for this island. There are a number of important items for the island of Hawaii. A large building of brick or concrete is intended for Wailuku, Maui, and there are some large items for Kauai.

"Mr. Traphagen has plans in hand for the new Territorial penitentiary. Col. Jones has in hand the procuring of plans for the armories of the National Guard of Hawaii."

Mr. Cooper further stated that arrangements were being made for a

survey and cross sections of Honolulu harbor and channel in anticipation of obtaining funds for dredging operations. Borings for the proposed new slips have been placed in charge of Jas. T. Taylor, civil engineer.

### BILL EAGAN.

By Sahib Htab.

Bill Eagan was arrested For the tramp's most common crime, For Bill's idea of cleanliness Meant corporation grime; And the judge when passing sentence Aroused Bill's tramping wrath: "Bill," said he, "I send you up To interview the BATH."

Bill Eagan, when he heard the judge Say "BATH," fell in a fit. For Bill's great dread was water. Got dengue looking at it. They brought Bill to, and then explained— (That's why Bill's still alive)— That he'd find THE BATH on King St. At one hundred and sixty-five.

### LYCEUM STOCK NEXT THURSDAY

Probably the most successful war drama ever seen in stageland is that great play "Held By The Enemy." This piece is alive from start to finish with soul stirring situations and, aside from the comedy scenes, depicts the high sense of honor of the soldier and his unwavering loyalty to the cause he upholds.

The plot centers around the loves and loyalty of an American soldier of the Civil War, and the scenes are laid in the South. Magnificent stage effects have been consummated which will add much to the presentation of "Held By The Enemy," and as the play progresses the realistic settings cannot fail to impress the onlooker with the fact that a genuine battle is near at hand.

The typical loyalty to his country of the American officer is brought out most forcibly in the character of Colonel Prescott (W. D. Adams) who, rather than follow the dictates of his heart, gives up hope of his own happiness for the sake of the cause he thinks is right.

George Kunkel sustains the comedy role of an up-to-date war correspondent, and his ideas regarding the mortality list of a single battle where nothing but the scenery is punctured, is not far off the true scent.

The Lyceum Stock Company deserves credit for fulfilling the promise made early in the season, of giving standard plays, well presented. A crowded house should greet them as Thursday and Saturday are the only days on which "Held By The Enemy" will be given. Many excellent specialties will be introduced and will be up to the high standard already set. The box office opens tomorrow morning at nine and will be open every day from 9 to 1 and 2 to 6.

On the present visit of the Board of Health the fifty-eight doubtful cases at the Leper Settlement will undergo final examination. Those who evidence no manifestations of the disease will be brought to Honolulu to spend a period of probation at the receiving station.

## FORECLOSURE SUIT ENTERED

### Tong Kai Takes Appeal to Supreme Court.

S. M. Damon, H. E. Walby and S. E. Damon, copartners in the banking firm of Bishop & Co., have brought a bill for foreclosure of mortgage against Marian R. Austin and Chas. R. Hemenway, trustee in bankruptcy of Herbert C. Austin. The suit is on a promissory note for \$11,000 at 8 per cent interest, date June 17, 1902, secured by a mortgage executed by Marian R. Austin on land containing 1 2-10 acres at Ponahawai, Hilo, also by an assignment of two insurance policies of \$5000 each on the life of Herbert C. Austin. It is alleged that nothing has been paid of either principal or interest on the debt.

An answer mostly of general denial has been filed by the Volcano Stables & Transportation Co. to the complaint of Alfredo Andrade de Mattos.

Tong Kai by his attorney, J. A. Mathewman, has brought a writ of error in the Supreme Court to void his conviction and sentence for bribery at the June term of the First Circuit Court. His charged offense was the offering of a bribe to Deputy Attorney General Emil C. Peters for the purpose of procuring immunity of Chinese gamblers from prosecution.

Mrs. Eliza van Giesen has sued officer Henry van Giesen of the police force for divorce on the ground of cruelty and failure to provide maintenance. She asks for custody of their two children, costs, attorney's fee and permanent alimony.

#### A Very Brutal Wife.

Archbishop Ryan, of Philadelphia, is very fond of a joke and in spite of his multifarious duties finds time for many amusing quips. When Bishop Spalding, of Peoria, visited the archbishop some time ago it was arranged that the Western man should be entertained by a lady prominent in social and charitable affairs. The archbishop wrote him, giving some details regarding his prospective hostess, and ended his letter thus: "The lady who has all these virtues treats her husband like a brute. P. S.—She is very fond of brutes, being an officer of the Society for the Prevention of Cruelty to Animals."

### Skeet-Go Prevents Dengue

Mosquitoes spread dengue. Why do you let them bother you when you can be free from this pest?

Provide yourself with a Skeet-Go and rid your rooms of mosquitoes. It removes all disagreeable features of using powder the old way; is far more effective; takes about one-tenth the powder and does not leave the throat parched, eyes sore or clothing saturated with smoke fumes. Try it. If not as represented, money back. Price \$1.
